## PROFESSIONAL SUMMARY

---

A highly motivated and detail-oriented fresher developer with a strong foundation in programming and software development. Proficient in Java and eager to apply problem-solving and coding skills to real-world projects. A quick learner with a passion for technology, collaboration, and continuous improvement. Strong analytical and communication skills, ready to contribute effectively to a development team.

## FUNCTIONAL EXPERTISE

---

- |  |   |
|--|---|
| ● <b>Programming &amp; Development</b>   | ● <b>Problem-Solving &amp; Logical Thinking</b> |
| ● <b>Debugging &amp; Troubleshooting</b> | ● <b>Teamwork &amp; Collaboration</b>           |

## FUNCTIONAL EXPERTISE DEMONSTRATED

---

Aspiring Software Developer with a strong foundation in programming, problem-solving, and software development. Passionate about coding and eager to apply technical skills in a professional setting.

- **Programming & Development** Proficient in Java with knowledge of object-oriented programming, data structures, and algorithms. Familiar with web development concepts and database management.
- **Problem-Solving & Logical Thinking:** Skilled in breaking down complex problems and implementing efficient solutions through structured coding practices.
- **Debugging & Troubleshooting:** Experienced in identifying and resolving code errors through systematic debugging and testing approaches.
- **Teamwork & Collaboration:** Strong ability to work in teams, participate in coding discussions, and contribute to technical problem-solving in a collaborative environment

## EDUCATION

---

### Bachelor Of Engineering (Computer Science)

[Rajendra Mane College Of Engineering And Technology](#) (Ratnagiri, IN)

## OTHER RELEVANT INFORMATION

---

**Additional Languages :** English,Hindi,Marathi

### Technical Skills:

**Programming Languages:** core Java,Java8,JavaScript

**Frameworks and Libraries:** JDBC,Servlets,JSP,Hibernate,Spring Boot3,Spring Framework 6,  
Spring core,Spring Data JPA,Spring Restful Webservices,  
Spring MVC,Spring Security,React

**Front-end :** HTML5,Tailwind CSS,Bootstrap

**Deployment :** AWS,Docker

**Database:** SQL,Oracle Databse,MySQL

**IDE:** Eclipse, Intelli J ,VS Code

**Operating System:** Windows, Ubuntu, Linux

**Tools:** Microsoft Office, Anydesk, Team Viewer, Command Prompt, Terminal

## PROJECT

---

**Project Name:** WhatsApp Clone

**Technology :** Java | Firebase | Android Studio

**Details:** Built android application to provide core functionality such as messaging,group chats,media sharing,voice calls,and video calls

### Roles and Responsibilities in Project:

- Design and develop the user interface.
- Ensure the user interface is responsive and user-friendly.
- Design and develop the back-end services.

**Project Name:** HealthCare system

**Technology :** MERN Stack

**Details:** A healthcare management system is a comprehensive platform designed to streamline and enhance the efficiency of healthcare services.

### Roles and Responsibilities in Project:

- Design and develop the user interface.
- Design and develop the back-end services.
